Covid 19 infection during on the water activity.	5	2	10	Consider the current and forecast weather conditions and use the facilities within you limits. Be self-sufficient in terms of rescue, launching and recovery to avoid involving others. Racing shall not take place when the West Kirby wind guru forecast gust wind speed during the race period exceeds 20 knots. The use of mast head buoyancy is recommended for recreational sailing to improve your ability to recover your boat from a capsize without outside assistance thereby maintaining social distancing. All boat taking part in racing shall be fitted with suitable mast head buoyancy that is sufficient to avoid the boat becoming inverted. The safety boat will be manned by persons of the same household to avoid needing to comply with social distancing requirements. The safety boat will be provided with a Covid 19 safety pack in addition to its normal safety equipment for use when a person is likely to come within two metres.	5	1	5
